

# Spread Your Wings and Fly!

Color and create a bluethroat. Tug on the string to flap its wings!

## Materials

- Crayons or colored markers
- Child-safe scissors
- Glue stick
- String

## Legend

- Cut line  - - - - -
- Fold line .....

## Directions

1. Color and cut out the bird body and wings.
2. Fold the body along the dotted line and glue the two sides together.
3. Fold the wings down along the center dotted line. Then fold the wings up along the outer dotted lines.
4. Tie the string around the center fold of the wings. Leave about an extra foot of string.
5. Add glue to the GLUE HERE area on the bird body.
6. Line up the center fold of the wings with the center fold of the GLUE HERE area of the bird body. Press together to attach.
7. Once the glue dries, give the string a little tug and watch the Bluethroat flap its wings!
