

Follow the Food

Orcas are large dolphins that follow their food. They travel for thousands of miles to hunt migrating animals. Create your own swimming orca by following the instructions below.

Tip: Print on cardstock for a longer-lasting scene.

Materials

- Crayons or colored markers
- Child-safe scissors
- Glue stick
- Drinking straw

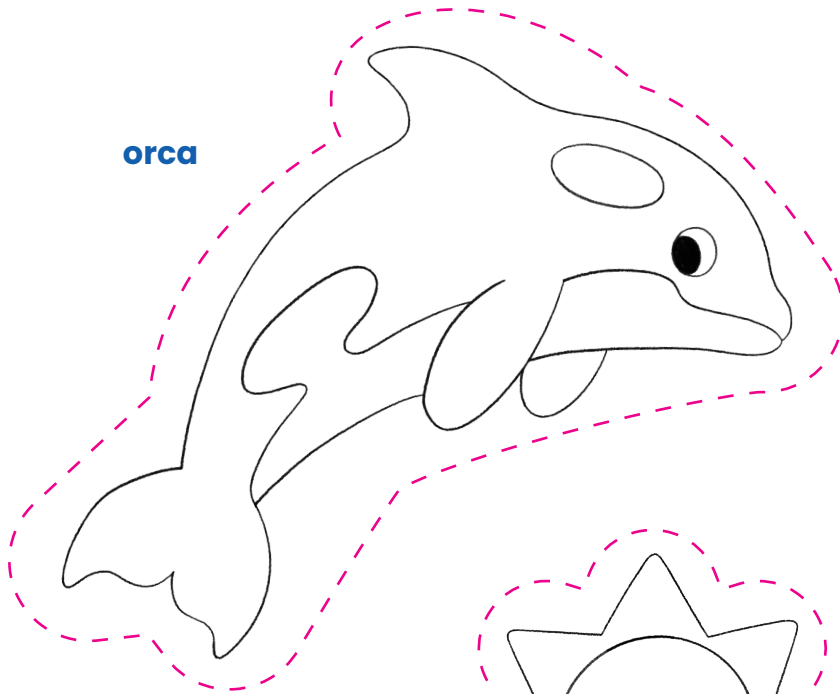

Legend

- Cut line
• Cut line  - - - - -

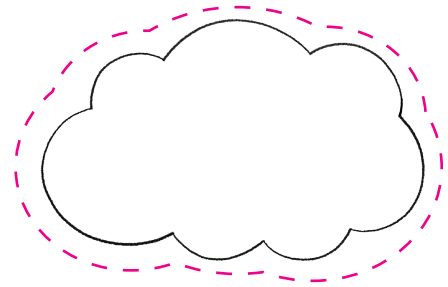

Directions

1. Color and cut out the sun, orca, cloud, and boat.
2. Ask an adult to cut along the dotted line.
3. Glue the boat, sun, and cloud to the ocean scene.
4. Glue one end of the straw to the back of the orca.
5. Slide the orca through the cut along the ocean wave and make the orca leap out the water!
